

The questions below are designed to be used by Saylorville Church Cell Groups as they meet during the week following the Sunday morning message at Saylorville. The intent is not for groups to answer every question, but for leaders to use the questions as a guide as they tailor the discussion to the needs of their unique group.

CONNECT WITH YOUR GROUP (10-15 MINUTES)

- What's your most prized possession? Is there something in your life that you can't live without? What are you saving up to buy?
- Someone has defined "worship" as, "Adoration or devotion shown toward a person, principle, or thing."
 - Based on this definition, what are some "gods" that our culture worships?

APPLY THE BIBLE (45-60 MINUTES)

Intro:

- Read Genesis 1:6-25.** On Sunday morning, Pastor Brad reminded us that the point of the entire Book of Genesis is that **God is supreme over all other gods**. What is your **one thing** from Sunday? What stuck out to you about what you heard (a new idea, an application, a challenge, a question, or a new way of thinking)?
- Quickly review** the six days of creation up until this point in our sermon series:
 - **Day One:** God separated the light from the darkness, calling them "day" and "night" respectively.
 - **Day Two:** God created the expanse known as the heavens, placing waters above and below the expanse.
 - **Day Three:** God put land in the midst of the lower waters and called it "Earth." He called the waters "seas." God created every tree and plant and according to its own kind and made them bear their own seed.
 - **Day Four:** God made the sun, moon, and stars.
 - **Day Five:** God filled the ocean with sea animals and the heavens with birds.
 - **Day Six:** God created the land animals and then created man in his own image.

Responding to Truth:

#1 - Worship The Creator

- Read the definition of worship above again. Be honest - are there gods in your life that you adore or are devoted to more than God Himself?
- Why do you think it's so easy to worship a person, principle, or thing more than the Creator God?
- Other than spending time in God's Word, in prayer, and with other Believers, what are some action steps you can take this week to intentionally adore the Creator God?

#2 - Enjoy Creation

- Take a quick field trip outside and look up at the sky. Or, check out some incredible video footage of creation [here](#) or [here](#).
- As a group, brainstorm some ways you can worship God by enjoying His creation this month. What are some good places to hike? Where can you see the best sunset? What are some great worship songs to sing or Bible passages to read while you're enjoying creation?

#3 - Turn To The Creator

- How would you respond to this quote by A.W. Tozer: *What comes into our minds when we think about God is the most important thing about us.*
- What do you think about when you think about God? What has shaped the way you think about God? How does the way you parent, work, play, worship, etc. reveal the way you think about God?
- What person, principle, or thing do you turn to when life gets difficult? What does that reveal about what you believe about God?

PRAY FOR EACH OTHER (5-15 MINUTES)

- Read Psalm 19:1-4 and take a few moments to finish this prayer out loud, "God, you are..."

Science is not an enemy of God but an evidence of God.
