

# BIBLE TRUTHS ABOUT SALVATION

## LESSON THREE

In Lesson 1, the issues of certainty of eternal life and the sinfulness of man were discussed. Lesson 2 covered how one receives eternal life through faith. Lesson 3 will consider the topic of the need for righteousness to enter God's kingdom. What is righteousness? The Greek word carries the idea of conformity to a norm or law and often deals with inner character. It refers to that which is just or virtuous displaying integrity or purity. Maybe we could simply say that it refers to "goodness". The question is if God's kingdom is a righteous or good kingdom how much goodness or righteousness is required in order for one to enter?

1. How many types of righteousness does one find in Romans 10:3?

14. In 2 Corinthians 5:21 what did Jesus take that really belongs to us?

---

And what does Jesus offer that really belongs to Him?

---

15. How does one receive the righteousness of God? Romans 3:22

---

16. What needs to be done?

**1.** We must admit that we are sinners before God and unable to produce a righteousness that is required by God.

**2.** We must believe that Jesus died and rose from the dead to provide that perfect righteousness.

**3.** By faith we must receive righteousness from God. If one would consider either a shirt or a blouse to represent their own righteousness and a coat to represent the righteousness of Christ. Your own clothing is totally insufficient to gain access to God's kingdom. If one would put on the coat (Christ's righteousness) – that person could enter although the person is entering on a righteousness that is not their own. According to the New Testament this is the only way one can enter.

Please take time to read Romans chapter 4 as time permits.

17. What is Paul's testimony in Phil. 3:9 concerning the righteousness of God?
